Mr. Layden was born in Frontenac, January 22, 1907. He graduated from Frontenac High School in 1926 and received his two college degrees in 1929 and 1936. For ten years he taught in Frontenac Junior High School, later becoming superintendent of schools. His administrative qualities have been an inspiration to his students, teachers, and fellow citizens for nineteen years.

We, the Seniors of 1957, want to express our deepest appreciation for all the help you have given us especially our last two years. We feel that without your support we would not have accomplished our goal. We don't know what we would have done without you and will always remember you throughout the coming years.

Dear Barbara:

I just arrived home from our Class Reunion at the Thunderbird Hotel in Las Vegas. I just had to write and tell you right away about all of our classmates fabulous careers. They are just outstanding.

Carol Sue is a prominent psychiatrist on Jupiter. Carolleen, who has been her patient off and on for ten years now, is finally being released. She is going to Africa where Karolyn will take her on one of her famous safari's.

John came down from Jupiter in his rocket ship which he designed himself. He took us all down to the coast, where Admiral Drenik had his atomic powered submarine docked. It took a little coaxing but he finally took us all for a ride in it. (He drives just as wild as ever).

Bobby is now President of the Ford Motor Co., where Tommy designs the famous rocket ships that Sharon and Rose race.

Ronnie, a famous dental technician on Mars, is fascinated by the Martians green teeth. Donita, his head nurse, is just as fascinated by him.

Kay also works on Mars treating the wounded from the last space war between Mars and Jupiter. Mary is working faithfully beside her.

The biggest surprise of all not only to me but to John B. and Karl, too, was their being elected President and Vice-President of Mars. The first thing they did was to hire Terry, a famous chemist, to see if he couldn't invent something to keep the people from turning green. "Mainly them."

Another member of our class living on Mars is Gloria. I think she will be returning soon, though, because during our conversation she mentioned that her children are beginning to turn green.

Of course you've heard of Carl and his famous Boston Terriers. Those dogs have made him the richest unmarried man in the states!

Dickie tells me the Grand Opening of his new super market will be next wek. Delores, Bonnie, and Phyllis are coming over from the "Shooting Star" to take over at the new place as head cashiers. Jimmie and his orchestra will be entertaining that night.

Patsy tells me she is having more fun drawing all the species of people from the different planets. Just last week she drew the cutest little red man from Mercury. You should have seen it.

That about takes care of our classmates. I'm glad you and your husband are doing so well designing clothes in Paris. As you know I got my wish of coming to Hawaii and I love it here. We are doing great in our hotel business. The tourists are as spend crazy as ever.

I know everyone must be very proud of our classmates, as they have all done so well.

Love Ya,

Joyce Ann

The 1956 Raider football team equalled last year's league standings by taking second place in the Cee Cee League. The two ties to McCune and Girard and the two losses to Chetopa and St. Mary's at the beginning of the season didn't seem to phase the "Big Black" as they took Cherokee and Arcadia in their next two games. But the damage had been done, and Frontenac ended up in second place behind Arma, who were the victors in the playoff game on Thanksgiving Day. The Raiders ended the season with the final record of 3 wins, 3 losses, and 2 ties.

The Raiders placed three men on the Crawford County All-Star team: John Lusker, back; Alan Drenik, tackle, and Carl Druart, end Three Raiders were also given an honorable mention for the Cee Cee League All-Star team: Tom Elliott, end; Bob Serra, guard; and Ronnie Layden, back John Lusker was also placed on St. Mary's of Pittsburg's All-Opponent team. The scores for the season were as follows:

	They	We		They	We
Weir	0	7	St. Mary's	43	7
Girard	6	6	Cherokee	13	21
McCune	6	6	Arcadia	0	21
Chetopa	26	13	Arma	39	20

Basketball

The '56-57 Raider basketball team didn't do as well as last year's championship team, but they did better than was expected. Going into the new season, the "young" Raiders had only a few returning varsity players. With only seven regulars, the Raiders went on to bring a second place tie with Girard and Arcadia, each team to have an 8-4 record. The year's record was 10 wins and 5 losses. They also gained a third in the league tournament and a fourth in the district tournament. In the total points column, Frontenac outscored their opponents slightly, dumping 8 points more. In the individual scoring department, John Lusker, senior center, lead the Raiders.

The "B" team record for the season was 6 wins and 9 losses. The "little Raiders" bettered their last year's standings in the won-lost column and in league standings. Gaining a third place in league, the "B" team started at a snail's pace and finished the season in high gear. The scores for the "A" team are as follows:

We		They	We		They
22	St. Mary's	25	55	St. Mary's	53
49	Arma	66	52	Arma	59
